

CLAW - SYMMETRICAL

DURABLE MECHANICAL SOLUTION

HIGH SECURITY UPDATE FOR YOUR EXISTING SOLUTIONS

Mechanical protection is a simple yet highly effective measure for providing either independent security or an enhancement to an electronic loss prevention system.

Our extensive product range can provide you with the best choice of products for your business – from obvious visual deterrents to unbreakable, high-tech security solutions.

The Claw can be used with almost all of our sensor and display solutions and adds additional security to your existing Shopguard Security products.
