

DRINKSPECTOR

DRINKSPECTOR™ IS A SECURITY TAG THAT IS DESIGNED TO PROTECT BOTTLED LIQUIDS. IT IS AN INNOVATIVE SHOPGUARD SOLUTION THAT COMBINES COMMERCIAL AND PRODUCT SAFETY REQUIREMENTS IN A WELL-DESIGNED FORM AND SHAPE.

Drinkspector™ protects branded quality drinks placed on the shelf in a self-service environment. Using it in combination with an electronic tagging system (RF, AM), it properly protects valuable bottles from theft and opening.

Drinkspector is tamper-proof and cannot be removed by force after its installation. With the help of an optional bottle cap, you can prevent access to the contents of the bottle. Drinkspector is capable of protecting almost any kind of bottle. It resists peeling and straining, and it can withstand a load in excess of 100kg. Drinkspector™ is a complex and reassuring solution to protect beverages exposed to theft. Install this state of the art loss prevention solution in your own shop now!
